

2016 Polycom Partner Program Status

Polycom partners that achieve Silver, Gold or Platinum level status in the Polycom Partner Program are recognized within the industry for their proven sales capabilities, technical expertise and ability to provide superior customer satisfaction.

To ensure this, as part of Polycom's Partner Program policy, we perform an annual review of our partner community to assess each partner's overall performance against program requirements to determine a partner's program level.

Based on our annual assessment, we are pleased to award **Progility Technologies Pvt. Ltd** with the Polycom **Platinum** program level.

This awarded status is effective January 1, 2016 and will remain valid through December 31, 2016.

A Polycom Partner Authorization letter, which includes your company's 2016 program level, may be downloaded from [PartnerConnect](#) to share with customers and prospects.

On behalf of Polycom, we salute your organizations accomplishments throughout this past year.

Sincerely,

A handwritten signature in black ink, appearing to read "Shirish Joshi", with a long horizontal line extending to the right.

Shirish Joshi

Director, APAC Channel Sales
